RE:Alco Pacific

Work Order No.: 0408076

Attached are the results of the analyses for samples received by the laboratory on 08/04/04 16:15

The samples were received by Sierra Analytical Labs, Inc. with a chain of custody record attached or completed at the submittal of the samples

The analyses were performed according to the prescribed method as outlined by EPA, Standard Methods, and A S T M

The remaining portions of the samples will be disposed of within 30 days from the date of this report
If you require any additional retaining time, please advise us

Sincerely,

Richard K. Forsyth
Laboratory Director

Project: **Alco Pacific**
Project Number: **380**
Project Manager: **Jennifer Powers**

Reported:
08/09/04 08:32

Notes and Definitions

QM-01 The spike recovery for this QC sample is outside of established control limits due to sample matrix interference

S-04 The surrogate recovery for this sample is outside of established control limits due to a sample matrix effect.

DEI Analyte DETECTED

ND Analyte NOT DETECTED at or above the reporting limit

NR Not Reported

dry Sample results reported on a dry weight basis

RPD Relative Percent Difference

RE:Alco Pacific

Work Order No : 0408077

Attached are the results of the analyses for samples received by the laboratory on 08/04/04 14:30

The samples were received by Sierra Analytical Labs, Inc with a chain of custody record attached or completed at the submittal of the samples

The analyses were performed according to the prescribed method as outlined by EPA, Standard Methods, and A S T M

The remaining portions of the samples will be disposed of within 30 days from the date of this report
If you require any additional retaining time, please advise us.

Sincerely,

Richard K. Forsyth
Laboratory Director
